**Congratulations to all of you! You are wonderful!** There were more than 100 actors auditioning for the show. You all did a fine job in the audition process. Please be proud of your work and supportive of your classmates. We have a great deal of hard work ahead of us and I need you all willing and raring to go once we get back from break in January.

**Actors:** The audition process was a huge undertaking and I thank you for your enthusiasm. I look forward to working with all of you.

**Parents and family members:** Please remind your actor that no matter the role, they are a big part of the production. They will have a ball! We will have a parent meeting in early January which will kick off our rehearsals. I took a great deal of time working with the participation sheets that you filled out denoting your actor's best available rehearsal time. Please, see that your child is at all rehearsals to which they are called. We have a shorter rehearsal period and all actors are needed on their assigned rehearsal day.

Directing and managing 100 actors will be challenging, yet rewarding. The production and creative team asks for your support, your patience, your gentle critiques – when solicited – and your help reinforcing that this is a wonderful opportunity for your kids, our school and school community.

Thank you. Heather Dorsey
